CHC30113 Certificate III in Early Childhood Education and Care

General: This qualification reflects the role of workers in a range of early childhood education settings who work within the requirements of the Education and Care Services National Regulations and the National Quality Standard. They support the implementation of an approved learning framework, and support children's wellbeing, learning and development. Depending on the setting, educators may work under direct supervision or autonomously.

Entry: Prospective students are required to complete a Language Literacy and Numeracy (LLN) assessment and a Pre-Training Interview, administered by and to the satisfaction of ITHEA and be at least 18 years of age.

Practical placement: To achieve this qualification, the candidate must have completed at least 120 hours of work as detailed in the Assessment Requirements of the units of competency. Students are required to undertake supervised practical placement in relevant child care settings. Evidence provided by the supervisor will contribute to assessment of the candidate's ability to work at this level. Students are required to find their own practical placement, however ITHEA will provide assistance and support where needed. Students must have a valid Working With Children Check prior to attending placement.

Vocational or educational outcomes: Students can go into a range of employment or further study options, including CHC50113 Diploma of Early Childhood Education and Care. Occupations may include Childhood Educator Assistant, Outside School Hours Aide, Preschool Assistant.

Job outlook: Please refer to the Australian Government Job Outlook site for job prospects for a Child Care Worker. 149,600 persons were employed as Child Carers in 2015. Job openings over the next 5 years are expected to be greater than 50,000. Source: Department of Employment 2017.

Delivery and assessment: We offer students the flexibility of choosing between online learning or classroom delivery. All students will be enrolled into our Learning Management System and all assessments must be completed online. As a result, all students will require an internet enabled device to successfully complete their studies. Assessment methods allow for the gathering of sufficient quality evidence about the student's performance. Methods used include question and answer, observation and demonstration, case study and first aid test. Note: Online Learners will need to complete the First Aid unit in a classroom setting.
