ITHEA undertakes regular student survey twice a year during the months of May and November.

The survey data are collected and analysed to ensure that ITHEA can make informed decisions that positively affect the learner's outcome. Students and staff will be provided with the results from student feedback along with plans for improvement.

Furthermore, students who received government funding may receive an NCVER survey and/or invitation to participate in a project endorsed by the government and/or being contacted by the government for audit or review purposes.

Student Discipline Procedure

ITHEA actively promotes an environment in which students develop a positive and responsible attitude to the work environment, clients and colleagues. As part of this the Institute supports a system of informed consequence for actions.

To ensure the proper management of disciplinary issues the following disciplinary procedure should be used. The procedure is designed to ensure fairness and objectivity and its principal purpose is not intended as a form of punishment but as a means of providing students with the opportunity to correct or modify their behaviour through fair and objective means.

Procedure

In the case when student behaviour conflicts with the **Code of Conduct**, disciplinary action will need to be taken and the following will apply in a private and confidential manner.

1.0 In the first instance the Trainer concerned, issues the student with an official warning about their behaviour by filling out the **Student Communication Form**, one copy of this warning goes to the student and another copy must be filed in the student's file.

2.0 In the second instance of unacceptable behaviour the Trainer is to arrange a meeting with the Course Leader.

2.1 The details of all disciplinary interviews and warnings will be recorded using the **Student Communication Form** and a copy filed in the student's file. The Course Leader must inform the student of the possible ramifications.

2.2 A note should be placed in the student file to identify that a disciplinary interview has taken place.

3.0 Persistent disciplinary problems are to be dealt with by the Student Manager in liaison with all parties, including the Course Leader and the Trainer. In the third instance the Student Manager is to decide whether the student's behaviour constitutes their suspension or expulsion from ITHEA.

3.1 The details of all disciplinary interviews and warnings will be recorded using the **Student Communication Form** and a copy filed in the student's file.

3.2 A note should be placed in the student file to identify that a disciplinary interview has taken place.

4.0 Any variation in the student's enrolment must be reported to the Department of Education (DOE), as outlined in **Deferral and Cancellation policy**.

5.0 In cases of serious misconduct the Student Manager will make an immediate decision on suspension or expulsion.

Course Information

Trainer lead classroom delivery, workshops, seminars, tutorials and supervised study. Integrated delivery of some units will occur. Online learning is available for specific courses.

Attendance Policy for all Courses

Attendance

Both DET and ITHEA understand that you may have times where you cannot come to class. This is why you only have to attend 80% of your classes, not 100% - the other 20% where you may be absent is for times when you may be sick, or in emergencies, etc. (of course, we would like to see you attend every class!). ITHEA will instigate the Early Intervention and Support strategies Policy for students who fall below the required 80% of attendance.

You must fill out a **Reason for Absence Form**, which is available from Reception, your trainer or the Student Manager. Providing us with this Form and evidence of why you were absent will not result in your attendance at ITHEA being changed. It's simply that you need to explain your absences.

At ITHEA, attendance is recorded for every class and students' attendance rates are calculated accordingly. Students are expected to attend all classes as scheduled on the timetable.

Lateness

It is very important that you arrive on time for class. If you do not, you will be missing out on important class time and instruction, which may affect your academic performance (you may miss out on information about a piece of assessment).

Being late to class causes unnecessary disruption to the trainers and to the students therefore every student should make every effort possible to come to class on time. Lateness to school and or to class without valid reason will result in a notation being made on the sign in sheet. Records of persistent lateness will be recorded in the student file.

Illness: You **must** have medical certificates as evidence if you are absent due to illness.

If you are going to be late or away:

1. Ring ITHEA on 9650 3900 or email your Trainer and explain reasons for being late or absence
2. When you return to ITHEA, you must see your trainer or coordinator and explain your absence and/or present any evidence of that absence (e.g. medical certificate)

Classroom attendance Recording

Classroom attendance is based on two documents: **Class Rolls** and **Sign-In Sheets**.

Trainers mark each student's attendance in the class roll. Each student must **'sign in'** at the beginning of each session. A student who is more than 15 minutes late for a session must record the time of arrival and the reason for lateness on the sign in sheet.

Sign-In sheets will be kept by the trainer and class rolls will be returned to the Administration Assistant by term's end. Three times per study period, the trainer will review the attendance of every student and identify students **'at risk'** of falling below the expected attendance level.

Online participation is monitored by trainers and tracked by our Learner Management System in Catapult.

Student Engagement (VET students)

ITHEA provides an online learning experience that is engaging and interactive. Trainer/Assessors will monitor your participation and ensure that you continue to progress throughout your course. The LMS Platforms have collaborative learning opportunities so that you can interact with peers through discussion forums. Detailed feedback will be provided as you complete online tasks.

The Trainer/Assessor will contact students who have not logged on within 2 weeks of the course commencement date. In the case of students who demonstrate a lack of participation, the Trainer/Assessor will make 3 attempts to contact students to re-engage with their course. Trainers will make contact, via email, SMS or phone to ascertain the reason for their lack of participation. If the student continues to be unacceptably absent from studies or falls below the expected course progress the trainer will report to the Student Manager who will advise the trainer regarding steps to be taken.

These steps may include:

- Meeting with the Student Manager to discuss Early Intervention strategies according to ITHEA policy.
- Advising the student that they are at risk of being withdrawn from the course.
- Withdrawing a student from a course using the appropriate withdrawal codes on the SVTS form if a funded student.

Those that do not re-engage after 3 attempts by the Trainer/Assessor to contact will be deemed to have withdrawn from the course.

Holidays / Travelling out of Australia

Students must be at school for the first class on the first day and on the last day of each term. Leaving early for and returning late from holiday is not permitted. However, ITHEA understands that there may be compassionate and compelling circumstances affecting your enrolment. If you need to return late or leave early you must complete a **Request for Leave Form** and include the reasons as to why you need to return late or leave early and provide all the relevant evidence. This form is available at Reception and must be submitted to the Student Manager for assessment. Just because you have bought your ticket does not mean that you will be given permission by ITHEA to leave.

Students studying online must also apply for leave if taking a holiday break or because of illness or circumstances that prevent them from study. Please inform your trainer of any reason which prevents your regular participation to avoid being withdrawn for lack of participation. All information will be kept confidential.

Assessment

Assessment is the process of collecting evidence and making judgments on the extent and nature of performance and other requirements, as described in a set of standards, or learning outcomes, resulting in a judgment of whether or not competency has been demonstrated.

Effective and objective assessment is of vital importance to the successful implementation of competency standards in the workplace and in education. This is the judgment of performance and knowledge against the relevant industry competency standards.

Assessment is carried out by the comparison of a student's evidence of skills and knowledge, against the requirements of the Standards.

In general terms, assessment during training will involve observation of performance in class or online, including:

- Case studies
- Projects
- Assignments
- Presentations
- Role plays
- Written tests
- Integrated assessment of some units may occur
- Students will be given an opportunity for three resubmissions for any competencies not achieved on the first attempt.

Reasonable adjustment/ Special learning needs

One fundamental principle of an assessment system is that each student must have access to fair and open assessment. Students with special needs should be offered the same opportunities as any other student.

As special needs extend to more than identify physical or learning difficulties, an assessor will also need to consider the best approach when dealing with students with needs such as low literacy, lack of confidence or Non - English speaking background.

An assessor must take special needs into consideration from the planning stage onwards and adopt particular assessment methods as appropriate. Depending on any specification given in the standards, the assessor may be able to accept alternative evidence from a student with special needs.

Evidence collection can be adjusted to suit individual student needs if required. Reasonable adjustments may include the use of adaptive technology, educational support and alternative methods of assessment such as oral assessment. The learning need that forms the basis of any adjustment to the training program will be identified and appropriate strategies will be agreed with the student. Any adjustments will be recorded in the student file and will not compromise the competency standard.

If there is uncertainty, the assessor should call on other assessors or the Training Manager for assistance and guidance, as required. In such a case, the situation must be fully documented, with appropriate feedback being provided to the student at all stages.

Assessment Requirements

Attendance/Evidence of participation

All scheduled classes, excursions and placement/workplace learning arrangements must be attended. Supervised work placement comprises a compulsory element of attendance records and attendance should be recorded accordingly. If students miss classes or do not attend organised work placements and are unable to show that there are extenuating circumstances for the absence may be required to submit additional work or to meet other conditions that are considered to be warranted.

Online students are required to save or submit assessments on a regular basis as evidence of participation takes the place of attendance records.

Assessment Results

All Summative results, 60% and above will be recorded as Satisfactory (S) and below 60% as Not Satisfactory (NS). To be deemed as having made satisfactory progress, the student must satisfactorily attain a Satisfactory result in all summative tests. Results should be recorded as Competent (C) or Not Yet Competent (NYC). To be deemed competent, the student must satisfactorily complete **all** assigned work.

A **duplicate copy of work** submitted, must be kept by the student.

Extension of course completion date

If you are having trouble with your studies because of personal problems, we may be able to help you. We can organise for you to have more time. You can apply for an **Extension to complete the course**.

Please remember that you need a suitable reason to get an Extension.

Suitable reasons for extension might be:

- a. You were or are very sick (you will need a medical certificate).
- b. A relative or friend was or is very sick (you may need a medical certificate for the person, and the Trainer/Assessor may ask for evidence of your relationship with the person).
- c. A relative or friend has died recently (you may need to provide a death certificate, and the Trainer/Assessor may ask for evidence of your relationship with the person).
- d. Personal problems that are causing you emotional distress (you may need to provide written proof of this distress, either from the Student Manager or another professional counsellor). The specific reasons for the emotional distress do not necessarily have to be on this written document, give privacy issues. If they are however, the Trainer will take all steps to provide confidentiality for the student's situation.
- e. Any other extenuating circumstances that your Trainer/Assessor believes are valid (you will need to provide all document/s your Trainer asks for).

If you need to apply for an Extension of Time, here is the process you need to follow:

- Contact your Trainer and provide all the documentation you think you will need and fill out the **Application for Extension to Complete Course**.
- Students seeking an extension for course completion, must submit an application form to the Trainer to be approved by the Student Manager.
 - Students seeking an extension of more than one month (course completion) in duration must provide appropriate supporting documentation, including evidence of the circumstances and an explanation of the impact of the circumstances on the student's ability to complete the assessment task/course
- Submission of an application for extension does not mean automatic approval
- 'Having work in another subject' or 'Had no time because I was working' will not be accepted as valid reasons for late submissions. Also, excuses involving computers or printers will not be accepted as valid reasons.

Feedback

Feedback is one of the most important aspects of the learning process and serves the important function of enabling students to make timely and informed judgments about their performance so that subsequent assessment can be undertaken with improved likelihood of success.

Feedback is provided in a variety of ways, including:

- a. model answers to questions
- b. verbal comments from trainers, both individually and to the whole class
- c. verbal comments on presentations and participation in class discussions
- d. preliminary assessment task advice
- e. face-to-face assessment task discussion, individually, and in groups
- f. written feedback comments regarding drafts and assessment tasks

Feedback on assessment tasks will normally be provided within ten working days, but no longer than 15 working days following the deadline for submission of the assessment task.

Where students are undertaking placements, it is expected that they will be provided with regular and constructive feedback about their performance, either by the Course Leader, the placement officer and/or the supervising professional in the workplace.

Where students are assessed as not competent/not satisfactory they will be provided with additional feedback on their assessment outcome to assist in achieving the required performance standard on reassessment.

Assessment task cover sheets (EAL only)

When students submit an assessment task, they are required to include a signed and completed cover sheet. In the case of group assessment tasks, each member of the group is required to sign the cover sheet, and each student will receive written feedback on their group assessment task.

Recording of results (EAL only)

Assessors should give clear advice to students as to how the unit(s) will be assessed.

Each student should have the following records kept in their file:

Assessment Tasks with Assessment Cover sheets.

This cover sheet should include but is not limited to:

- Student details
- Course code and title
- Assessment title and description (if applicable)
- Date
- Assessor name
- Elements and relevant performance criteria (if applicable)
- Assessment Result: recorded as C or NYC / S or NS
- Feedback/comments section
- Student declaration regarding plagiarism

Resubmission

Resubmission is where a student is permitted to make minor corrections/modifications/amendments to an assessment task which has been deemed NYC / NS. The assessment is then re-submitted to the original assessor within a specified timeframe. After the third resubmission, if the student is still assessed as NYC / NS for that assessment, the student will receive a fail for that unit. If the trainer/assessor questions any submitted work as wholly or partially plagiarised or copied, an NYC / NS result will be submitted (refer to Plagiarism Policy).

Reassessment

Students who are dissatisfied with their assessment outcome may apply for reassessment by contacting their Course Leader or trainer/assessor. The Course Leader /trainer/assessor will decide which of the following outcomes is the most appropriate and will notify the student in writing within five working days:

- a. arrange for a second assessor to re-mark the assessment
- b. deny the request

Reassessment is where an assessment task is marked again by a second assessor, without any further work by the student. The second assessor is not provided with details of the student's original mark. The same range of marks which were used on the original assessment must be available for re-marking. The second mark stands, whether it is higher or lower. No further re-marking will be permitted. A re-marked assessment task cannot be re-submitted.

A student who is not satisfied with the outcome of resubmission or reassessment may appeal in writing to the Managing Director within five (5) working days of the notification of the resubmission or reassessment result.

The decision of the Managing Director is final and the student is notified within ten working days of the receipt of the written appeal.

A student who has followed this process and still is dissatisfied may take the matter further (refer Student Complaint and Appeal Policy).

Access to Student Records

Current and former students of ITHEA have access to their own records on request. Academic Files for currently enrolled students are maintained at the Training Staff Office while Administration files for current enrolled students are maintained at the Archives Office. All requests from an individual student to view their student file should be referred to the respective trainer who will make appropriate arrangements for supervised access. If a student wishes to amend their student administration file, they should contact the Compliance Manager. Due consideration will be given to any request to amend personal information held on file. A request to correct personal information may be satisfied by the individual providing an additional record rather than making alterations or deletions to the original record.

ITHEA provides students with accurate and up to date information about the status and outcomes of the courses in which they are enrolled.

Removal of hard copies of student files from the Training Office and Archives Office may not occur.

Information about a student is not disclosed to a third party without the consent of the student, unless required or permitted by law. Persons outside of ITHEA do not have access to the records of individual students unless students give written permission for the release of specific records, or unless the knowledge of such information is required to be provided to funding, immigration, accreditation or other agencies which are legally entitled to such information. Information required by other education institutions for the purposes of confirming qualifications of a current or former student of ITHEA, such as confirmation of units of study completed, participation in officially recognised activities, and scholarships received by students, will not be released by ITHEA unless accompanied by written authorisation of the student.

All requests for archived student files must be authorised by the Compliance Manager. A form has been designed to assist this process. This will enable the location of files to be monitored and minimize the number of missing files.

Capstone re-evaluation

After completing your course, you may be required to complete a partial reassessment of some of your units, as part of the ITHEA quality assurance protocols. This is called “Capstone re-evaluation” and, in essence, it is a means of assessing your cumulative knowledge from an entire program of study. In applying to study at ITHEA, you also agree to participate in such a review. Failure to agree to participate, may result in ITHEA recalling your qualification and informing the appropriate government authorities of such an action.

Plagiarism & Cheating

What is Plagiarism?

Plagiarism happens when you copy or reproduce someone else's work or ideas without acknowledging its original source. This includes but is not limited to, copying information from books, the Internet and fellow students. This is called Plagiarism.

In some cultures, using information from other sources is considered to be okay. In Australia, if the other source is not cited this is considered inappropriate. This is why it is looked on in an unacceptable way.

ITHEA treats plagiarism as cheating. The use of another person's work as though it were one's own, intending to gain an unfair advantage, is **Cheating**. Students who provide their work for others to copy are also subject to the same penalties as those who copy.

Cheating and plagiarism are serious offences and will be treated severely. ITHEA imposes strong penalties on students who cheat and plagiarise.

How do you avoid Plagiarising?

To avoid Plagiarising, it is very important to acknowledge all sources in all assignments submitted for marking. This means you must say where you found your information. Acknowledgement may be in the form of footnotes, endnotes or any other textual references. A reference list must be included at the end of an assignment if any acknowledgements have been made within the assignment, including sources that have been referred to but not cited within the assignment.

The words of another writer must be placed in quotation marks/inverted commas. These words must be followed by the author's name, the source (book, website etc.) and page number of the source. The author's complete details should also be included in the reference list at the end of the assignment.

It is also a serious offence to help another student to plagiarise written work. This includes lending another student work that you have completed so that it can be copied and submitted as the other student's own work. ITHEA treats these instances as seriously as plagiarism and will impose severe penalties on students found to be assisting other students to cheat and plagiarise.

Penalties for Plagiarism

Penalties for plagiarism are severe. If a student is caught doing any of these things, they receive an **Automatic Failure** for that assignment or assessment/exam. They will receive 0% (Not Yet Competent) and will have to resubmit that assessment. The Assessor/Course Leader may change the assessment to protect its integrity (for example, they may make it an exam). Resubmission is only possible where the assessment will be completed before the relevant module ends. If on the second attempt of the assignment or assessment, the student is still caught of plagiarism, the student gets an **Automatic Failure** for that **unit/module**. You may appeal, using the **Automatic Failure Appeal Form** if you feel you have been accused wrongly.

Where a student is detected in repeated plagiarism (i.e. in more than one unit or on more than two occasions) the case will be brought to the Student Manager who may recommend any of a range of penalties, including failure in the unit and/or exclusion from the college. Such severe recommendations however will be referred to the Managing Director for a final determination. Students will be given an opportunity to put their case at every level in accordance Appeal policy.

VET Course Progress/Evidence of Participation for Skills First funded students Policy and Procedure

1.0 Purpose

To ensure a 'systematic' measurement in monitoring course progress through evidence of participation and be 'proactive in contacting and counseling students' who are at risk of failing to meet course requirements.

2.0 Responsibility

The Managing Director is responsible for implementation of this procedure and ensuring that staff and students are made aware of its application.

Requirements

ITHEA has implemented this policy using the guidelines set out in Schedule 1 of the Standard VET Funding Contract.

Vocational education and training conducted at ITHEA Institute of Tertiary and Higher Education Australia is competency-based. ITHEA ensures that students are assessed to achieve the level of understanding, knowledge and skill expected by industry. ITHEA also encourages students to build on their competencies as they progress through their courses.

In line with the **Guidelines** set out in **Schedule 1** of the Standard VET Funding Contract, ITHEA systematically monitors course progress and evidence of participation and implements appropriate intervention strategies when students are at risk of not making satisfactory course progress.

Where unsatisfactory course progress is identified through lack of participation in the course for a period over 3 weeks, the Trainer /Assessor will endeavour to make contact with the student via email, phone or SMS to determine the reason for the lack of participation. When a lack of participation continues for a period of 3 weeks or more and the student has failed to comply with the Intervention Strategies put in place, the student will be required to meet with the Trainer/Coordinator, the Student Manager to discuss the continuation of their enrolment which may also result in their enrollment being cancelled.

In the event that the Trainer /Assessor cannot make contact with the student the Trainer /Assessor will inform the Student Manager who will advise the trainer to send the student an **Intention to Withdraw from course** letter. If the student does not respond within 7 days, then the trainer/assessor will withdraw the student and send a **Notice of Withdrawal** letter.

3.0 Definitions

- 3.1 **SVTS** – Skills Victoria Training System
- 3.2 **Skills First Program** means the Victorian Government's program for funding individual's Skills First Entitlement
- 3.3 **Skills First Student** is an individual who is eligible for Skills First subsidised training in accordance with the eligibility requirements specified in the contract and who is enrolled at the training provider in such training.
- 3.4 **VET** is Vocational Education and Training.
- 3.5 **Evidence of Participation (EOP)** – Evidence provided by ITHEA of an individual's participation in learning and/or assessment. Usually shown by saving or submitting work.
- 3.6 **Online Training/Assessment** is the delivery of supervised training and/or assessment via the Internet.
- 3.7 **Program commencement date** is the date if the first scheduled training for the first subject towards completion of the program the Skills First student has enrolled in.
- 3.8 **Satisfactory Course Progress** is defined as when a student achieves a competent result in all assessments for all units of competency undertaken in a given study period and is on track to successfully complete their program within the expected duration of study.
- 3.9 **Unsatisfactory course progress** is defined as **not** successfully completing or demonstrating competency in at least 50 % of the course requirements in **two** consecutive study periods.
- 3.10 **Monitoring** refers to the active checking of course progress and or participation in the course.
- 3.11 A student **at risk** is one who has been assessed as not participating in the course for a period of three weeks or more which may impact on their ability to achieve satisfactory academic progress by the Trainer/Assessor.
- 3.12 **Intervention Strategy** is an individual plan to provide support and/or assistance to a student identified as 'at risk' of not achieving satisfactory course progress.

4.0 Method

4.1 Advice to students

Upon completion of the required online application forms and processes, the student will be emailed a series of documents including an introductory email from their Trainer/Assessor. This is in place of a face-to-face orientation 'session'.

Students will be advised to **'log on' and save work within the first 2 weeks** of their program commencement date to activate their enrolment. In the event that this does not take place, the Trainer/Assessor will contact the student to remind them of this requirement. If no action is taken by the student, they will be deemed as **Did Not Start and be withdrawn**.

4.2 Early detection of, and intervention in, lack of evidence of participation

As ITHEA is committed to ensuring that all students have satisfactory learning experiences, early identification of issues affecting student progress and performance is a priority.

4.2.1 Consequently whenever a student has not shown any evidence of participation, the Trainer /Assessor shall endeavour contact any students who:

- a. have not logged on within 2 weeks of the course commencement date
- b. have not participated by saving and submitting any units for over 3 weeks to determine the reason for the lack of participation. Contact can be via email, phone or SMS

4.2.2 If the student had good reason for their lack of participation, the Trainer /Assessor shall document the reasons and keep a copy in the student's file.

4.2.3 When a lack of participation continues for a period of 3 weeks or more and the student has failed to comply with any Intervention Strategies put in place, the student will be required to meet with the Trainer/Course Leader, the Student Manager to discuss the continuation of their enrolment which may also result in their enrollment being cancelled. The purpose of this meeting is to determine the reasons for this lack of participation. Records will be kept using the **Student Communication Form** and the **General Intervention Record**.

4.2.4 Outcomes, actions and agreements of that meeting signed by both the Student Manager and the student will be given to the student and a copy kept on the students file.

4.2.5 In the event that the Trainer /Assessor cannot make contact with the student, the Trainer /Assessor will inform the Student Manager who will advise the Trainer /Assessor to send the student an **Intention to Withdraw from course** letter. If the student does not respond within 7 days then the Trainer /Assessor will withdraw the student and send a **Notice of Withdrawal** letter.

Completion within Expected Duration Policy and Procedure for Skills First funded students

1.0 Purpose

The purpose of this policy is to monitor the workload of students to ensure they complete the course within the duration specified in their Training Plan and not to exceed the allowable portion of online or distance learning. ITHEA will only enable students to extend the expected duration of study for the course in limited circumstances for Local students. The policy and procedure is applicable to all local students enrolled at ITHEA.

2.0 Responsibility

The Student Manager is responsible for implementation of this procedure and ensuring that staff and students are made aware of its application.

3.0 Requirements

3.1 To ensure students complete their course according to the length of their Training Plan, ITHEA monitors each student's progress to ensure that at all times they are in a position to complete their course within the expected duration as specified in their Training Plan.

3.2 ITHEA monitors enrolment load, active participation and progress at regular intervals during the term ensuring they are passing their individual assessments enabling them to maintain satisfactory course progress

3.2.1 ITHEA will only extend the duration of a student's study where it is clear that the student will not complete the course within the expected duration, as specified on the Training Plan as a result of:

1. Compassionate or compelling circumstances (for example, illness where a medical certificate states that the student was unable to participate in their learning or difficulty securing a work placement)
 2. ITHEA implementing its intervention strategy for students who are at risk of not meeting satisfactory course progress
- 3.3 Where there is a variation in the student's enrolment load which may affect the student's expected duration of study:
- Student must contact their Trainer/Assessor and provide all the documentation necessary to support request for extension of course duration and fill out the **Application for Extension to complete the Course form** (refer to Extension of course completion).
 - This variation is recorded on their Training Plan.

4.0 Definitions

Training Plan is a working document signed by Local students. It outlines the qualification to be delivered, the time frame for achieving the competencies and assessment details.

Skills First Withdrawal Sheet is used by a Trainer/Assessor to record variations to a student's training plan. A student **at risk** is one who has been assessed as not participating in the course for a period of three weeks or more which may impact on their ability to achieve satisfactory academic progress by the Trainer/Assessor.

Intervention Strategy is an individual plan to provide support and/or assistance to a student identified as 'at risk' of not achieving satisfactory course progress through lack of participation.

Satisfactory Course Progress is defined as when a student achieves a competent result in all assessments for all units of competency undertaken and is on track to successfully complete their program within the expected duration of study.

Unsatisfactory course progress is defined as **not** successfully completing or demonstrating competency in at least 50 % of the course requirements because of non-participation.

Monitoring refers to the active checking of course progress and or participation in the course.

NYC is used to signify not yet competent.

5.0 Method

- 5.1 Students are monitored throughout the term and also at the end of their term as per the VET Course Progress/Evidence of Participation Policy
- 5.2 If after three resubmissions a student receives an NYC for an assessment, or has undergone a period of non-participation, the Trainer/Assessor arranges a meeting or contacts the student as soon as possible
- 5.3 The meeting/contact will involve identifying why the student failed and putting in place a strategy to address the student's needs and assisting them in being able to achieve competency within the duration of their Training Plan
- 5.4 Through identifying issues at the assessment level or identifying the reason for the lack of participation, intervention strategies are put in place to ensure the students can complete their course within the duration of the Training Plan
- 5.5 Some possible interventions which may be utilised to assist students are:
 - i. The option of undertaking a combination of extra study hours and work placement, in order to catch-up with the units or with the work placement.
 - ii. English language support for oral and written comprehension or
 - iii. Assistance with academic skills such as essay & report writing, meeting assessment requirements and research skills
 - iv. Counselling with the Student Manager/Student Counsellor if compassionate circumstances are identified and students are having personal difficulties that may be affecting their progress
 - v. A resubmission of the work after further clarification on the requirements is provided to the student or addressing the problems the student had with the assessment item
- 5.6 If after intervention strategies are put into place and the student still receives an NYC or fails to show evidence of participation, then the VET Course Progress/Evidence of Participation for Skills First funded students Policy takes effect, resulting in further intervention strategies for the student. (Refer to the VET Course Progress/Evidence of Participation for Skills First funded students Policy in the Student Handbook and Orientation Guide)
- 5.7 ITHEA considers a student to be at risk of not completing the course within the expected period.
- 5.8 When ITHEA identifies that the student cannot reasonably complete his or her course within the expected duration as specified on the student's training plan and there have been grounds identified in 3.2.1 above.
This would normally be done as part of the regular monitoring process conducted by the Trainer/Assessor

- i. The Trainer/Assessor will consult with the student regarding the reasons for not finishing the course on time. The trainer will document any evidence to support the reasons given on a **Student Communication** form.
- ii. The student will complete an **Application for extension to complete a course** form and submit it to the Trainer/Assessor.
- iii. In the first instance, the Trainer/Assessor may extend the course for not more than one month without referring matter to the Student Manager by completing the relevant section on the **Application for extension to complete a course** form and the **Skills First Withdrawal** sheet.
- iv. In the second instance, the trainer will refer the matter to the **Student Manager**, who in conjunction with the trainer will decide whether it is possible, for the student to successfully complete all the remaining units necessary for the award of the qualification within another period of extension, not more than one month.
- v. On determination of the additional time and agreement with the student the Trainer will complete a **Skills First Withdrawal Sheet** and advise the Programmes Manager of the variation or extension of the student's expected duration.
- vi. Failure to comply or participate may lead to withdrawal.
- vii. Extensions will be decided on a case by case basis.

Compassionate or Compelling Circumstances Policy

Purpose

This policy outlines any compassionate or compelling circumstances which may affect a student's enrolment.

Compassionate or compelling circumstances are generally circumstances beyond the control of the student and which have an impact on the student's course progress or well-being. These could include but are not limited to:

- Serious illness or injury, where a medical certificate states that the student was unable to participate in studies
- Unexpected illness or death (bereavement) of close family members such as parents or grandparents
- Student being caught in a major political upheaval or natural disaster in the home country or, if in Australia, requiring emergency travel for such reasons and this has impacted on the student's studies
- The student is involved in custody proceedings for their child
- The student is involved in legal proceedings where timing is beyond the student's control
- The student or accompanying family member has an acute medical condition requiring treatment
- A traumatic experience which could include involvement in or witnessing a serious accident and witnessing or being the victim of a serious crime and this has impacted on the student (these cases should be supported by police or psychologists' reports)
- Inability to continue studying due to delay in securing a work placement

The above are only some examples of what may be considered compassionate and compelling circumstances. ITHEA will use their professional judgement and will assess the documentary evidence provided by the student to support the claim on a case-by-case basis. ITHEA will keep copies of these documents in the student's academic file.

Deferral and Cancellation Policy & Procedures

1.0 Purpose

Student enrolment can be deferred or cancelled in limited circumstances by ITHEA or by the student. When deferral or cancellation of enrolment is initiated by the ITHEA, students have the right to appeal the decision. All documentation relating to the assessment of student deferral and cancellation applications will be kept in the student's file. All discussions undertaken with the student during the processing of the application will be recorded using a Student Communication Form as they occur and kept in the student file.

Credit Transfer / National Recognition / RPL Policy and Procedures

Policy

ITHEA must appropriately recognise course credit to meet the requirement of **the National Code**.

This policy outlines the process for ITHEA to grant course credit to applicable students. If necessary, the duration of study is adjusted accordingly and students are advised of ITHEA's granting of credit.

ITHEA will ensure that **Credit Transfer / National Recognition / RPL** is offered to all applicants on enrolment and that the process is structured to minimise the time and cost to applicants; and provides adequate information and support to enable applicants to gather reliable evidence to support their claim for recognition of competencies currently held, regardless of how, when or where the learning occurred.

Guidelines

Procedures for granting and recording course credit if applicable are carried out by the Course. Course credit will be assessed and granted (if appropriate) at the time of application and the adjusted duration will be reflected in the offer letter. To gain course credit, applicants must provide certified copies of evidence with their application.

Course credit may be granted in the form of **Recognition of Prior Learning (RPL)** or **Credit Transfer (CT)**.

RPL must be conducted by the Course Leader/Assessor while **Credit Transfer** and **National Recognition** are essentially administrative processes.

Assessor Qualifications

ITHEA shall at all times ensure that assessors completing assessment for prior learning must hold the **TAE40116 Certificate IV in Training and Assessment** (or its equivalent) **from the TAE Training and Education Training Package** or be able to demonstrate equivalence of competencies as a **minimum**; however, trainers are encouraged to obtain further qualifications.

Credit Transfer (CT):

Credit transfer involves recognising a previously completed course to see if it provides equivalent learning or competency outcomes to those required within the student's current course of study.

Course credit may reduce the length of a student's course.

National Recognition

National Recognition is:

- recognition by a registered training organisation (RTO) of the **Australian Qualifications Framework (AQF)** qualifications and statements of attainment issued by all other RTOs, thereby enabling national recognition of the qualifications and statements of attainment issued to any person
- recognition by each state and territory's registering body of the training organisations registered by any other state or territory's registering body and of its registration decisions and
- recognition by all state and territory course-accrediting bodies and registering bodies of the courses accredited by each state or territory's course-accrediting body and of its accreditation decisions.

Procedure

1. Applicants for **Credit Transfer/National Recognition** must complete the **Credit Transfer/National recognition Application Form**, attach a copy of a verified Award or Statement of Attainment and submit the application to the Administrative Staff.
2. The Administrative Staff must check the **Award or Statement of Attainment** and grant credit transfers for identical units that have been identified as being completed at another Registered Training Organisation.
3. Verified copies of **Qualifications** and **Statements of Attainment** used as the basis for granting **Credit Transfer/National Recognition** must be kept on the student files.
4. The completed **Credit Transfer** record must be signed by the student and the Administrative Staff/Trainer/Assessor or Student Manager.
5. Granting of **Credit Transfer** must be recorded as a module outcome in the student's file
6. After **Credit Transfer** is granted a student's course schedule must be reviewed and modified to ensure a full-time load and details of this placed on the student's file

Recognition of Prior Learning (RPL)

RPL is the formal acknowledgement of skills, knowledge and attitudes held as a result of education and training, work experience and/or life experience. **Recognition of Prior Learning (RPL)** is a process that allows the competencies you already possess to be recognised, regardless of how you obtained them. These might include skills you picked up on the job or from other life experiences that do not necessarily include formal training.

Recognition of prior learning suits people who have industry relevant:

- work skills or knowledge
- paid or unpaid work experience
- life experience
- community work experience

Recognition of prior learning could provide you with a full or part qualification and avoid duplication of training. It could be used to identify what training you may need to complete a qualification, or could provide a pathway to higher qualifications for people who may not have access to further training.

Your RPL Assessor can discuss evidence you will need to supply with your application if you wish to have your experience recognised. In many cases, RPL will only give the off-the-job component of the unit. You may still need to meet the on-the-job component, assessed at work.

Procedure

1. Students who wish to apply for RPL are advised to contact ITHEA to obtain an **RPL Application Form** for the course that they wish to enrol.
2. Upon receipt of **RPL Application Form**, the Course Leader /Assessor will assess the evidence provided. Evidences that can be used to support the **RPL** application can include:
 - A detailed resume
 - Letters from employers
 - An interview with the Course Leader /Assessor.
 - Work skills or knowledge
 - Paid or unpaid work experience
 - Life experience
 - Community work experience (a complete list can be found in the appropriate RPL Kit)
3. Applicants must provide additional evidence if requested by the Course Leader /Assessor.
4. The Course Leader /Assessor will assess the evidence in relation to: validity, reliability, currency and fairness.
5. The Course Leader /Assessor will complete mapping of evidence provided by student to the ITHEA's **Record of Recognition Assessment outcome** for the course they are wishing to apply credit to.
6. A **RPL Acceptance Letter** will be prepared by the Course Leader /Assessor with the attached copy of **Record of Recognition Assessment outcome** with the credit competencies approved.
7. Course Leader /Assessor will return the Application form with the result to the Administrative Staff. The student must sign the acceptance letter within 7 working days from the date of the letter.
8. Upon receipt of student's **RPL Application Form** and the **Enrolment Application Form**, the Administrative Staff will issue a **Letter of Offer** with the duration as confirmed by the Course Leader. A copy of the **RPL Application Form** and **Record of Recognition Assessment outcome** placed in the student Academic file.
9. If the granting a student course credit leads to a shortening of the student's course, Administrative Staff must indicate the net course duration in the **Enrolment Acceptance Agreement**.
10. Students who are not satisfied with the application outcome are informed to access the **Complaints and Appeal Policy and Procedures**.

Complaints and Appeals Policy and Procedure

ITHEA has a Complaints and Appeals Procedure to provide students with a fair and equitable process for resolving any disputes or complaints they may have. If the student is dissatisfied with the resolution proposed by the college, the student is advised of the Appeal Process and/or any external organisations to which they may lodge a complaint.

Student Complaint Flowchart

As part of ITHEA's commitment to a positive learning environment, a procedure for complaints and grievances is in place to ensure equitable treatment with a system for appeal. This system is independent, readily accessible and inexpensive for the parties involved.

Student Complaints and Appeals Policy and Procedures

1.0 Purpose

The purpose of this procedure is to define the system available to students for dealing with complaints and appeals, independent resolution and appellant rights.

Each student may be accompanied and assisted by a support person at any relevant meetings and has the opportunity to formally present their case at minimal or no cost.

The procedure requires a written record of the complaint or appeal to be kept in the student's Administrative file. The student is also given a written statement of the outcome, including all details of the reasons for the outcome.

2.0 Responsibility

The Student Manager is responsible for implementation of this procedure and ensuring that staff and students are made aware of its application.

3.0 Requirements

- 3.1 Students who are concerned about the conduct of ITHEA are encouraged to attempt to resolve their concerns using this procedure.
- 3.2 All prospective students will be provided with information about complaints and appeals before making a contract to enrol and again at course commencement.
- 3.3 All complaints and appeals will be handled professionally and confidentially in order to achieve a satisfactory resolution
- 3.4 All parties will have a clear understanding of the steps involved in the procedure
- 3.5 Students will be provided with details of external authorities they may approach, if required
- 3.6 At any stage in the complaint or appeals process students are entitled to have their own support person included in the complaint/appeals/resolution process.
- 3.7 All complaints and appeals will be managed fairly and equitably and as efficiently as possible
- 3.8 The process will commence within ten (10) working days of the formal lodgement of the complaint or appeal and supporting information. ITHEA will attempt to resolve any complaint or appeal fairly and equitably and all reasonable measures will be taken to finalise the process as soon as practicable.
- 3.9 Students may raise any matters of concern relating to training delivery and assessment, the quality of the teaching, student amenities, discrimination, sexual harassment and other issues that may arise.
- 3.10 ITHEA will encourage the parties to approach a complaint or appeal with an open view and to attempt to resolve problems through discussion and conciliation. Where a complaint or appeal cannot be resolved through discussion and conciliation, we acknowledge the need for an appropriate external and independent agent to mediate between the parties.
- 3.11 A student's enrolment must be maintained if the student chooses to access ITHEA's complaints and appeals process and the process is ongoing.
- 3.12 If the internal or external complaint handling or appeal process results in a decision that supports the student, ITHEA must immediately implement any decision and or corrective and preventative action required and then advise the student of the outcome.
- 3.13 Nothing in this procedure inhibits student's rights to pursue other legal remedies. Students are entitled to resolve any dispute by exercising their rights to other legal remedies. Students wishing to take this course of action are advised to:
 - Contact a solicitor **or** Contact the Law Institute of Victoria, 470 Bourke St Melbourne 3000, Ph. 9602 5000 for a referral to a solicitor.

4.0 Definitions

Complaint-Dissatisfaction with a service offered, discrimination or treatment received at ITHEA.

Complainant-Person making the complaint

Appeal-Dissatisfaction with a decision made by ITHEA

Appellant-Person making the appeal

5.0 Method

Each student may be accompanied and assisted by a support person at any relevant meetings

Informal Complaint Process

- 5.1 Any student with a complaint may raise the matter with trainers and coordinators of ITHEA and attempt an informal resolution.
- 5.2 Students who are not satisfied with the outcome of the complaint are encouraged to register a formal complaint.

Formal Complaint Process

- 5.3 Should the complaint remain unresolved after informal resolution is attempted then the student should complete a Formal Complaint and Appeal form and contact the Student Manager and arrange a meeting. At this meeting the complaint can be raised and a resolution attempted.
- 5.4 At the complaint meeting:
 - The complaint must be recorded in writing and signed and dated by the complainant and the Student Manager
 - The outcome of the complaint meeting and reasons for the decision must be recorded in writing and signed and dated by the complainant and the Student Manager
- 5.5 The Student Manager will attempt to resolve the complaint with the student and any other parties who may be involved. The resolution phase must commence within 10 working days of the complaint being lodged. (It should be noted that a maximum time of 20 working days will be allotted in which a resolution can be reached. This will be known as the resolution phase.)
- 5.6 Following the complaint meeting and resolution phase, ITHEA must document and convey the decision to the student and act to rectify any substantiated complaint
- 5.7 If a student is dissatisfied with the outcome of the formal complaint meeting then they may institute an internal appeals process by completing the Formal Complaint and Appeal form and indicating that an appeal is being sought.

Appeals

Internal Appeals

- 5.8 Internal Appeals may arise from a number of sources including appeals against assessment, appeals against discipline actions and appeals against decisions arising from complaints. The essential nature of an appeal is that it is a request by a student to reconsider a decision made by ITHEA.
- 5.9 Students appealing an assessment or RPL outcome will be given the opportunity for reassessment by a different assessor selected by ITHEA. Costs of reassessment will be met by ITHEA. The recorded outcome of the assessment appeal will be most favourable result for the student from either the original assessor or the reassessment.
- 5.10 The student's enrolment must be maintained while an internal complaint/appeal is in progress and the outcome has not been determined if the internal complaint or appeal is initiated by the student.
- 5.11 The appeal resolution phase must commence within 10 working days of the internal appeal application being lodged.
- 5.12 The Appeals panel will comprise two senior staff members not directly involved in the matter and will be convened by the Student Manager within 10 days of the appeal being received.
- 5.13 The outcome of the internal appeal and reasons for the outcome will be recorded in writing and signed and dated by the Appeal Panel and placed in the student file.
- 5.14 The student is advised in the written outcome advice from their internal appeal that they have 10 working days to access the external appeals process and must advise ITHEA if they intend to do so.
- 5.15 Following the internal appeal ITHEA must convey the decision to the student and implement any improvement actions arising from the complaint.

External Appeals

- 5.16 If the matter is still unresolved after the above procedures have been implemented and the internal appeals process exhausted, **local** students are advised for an external appeal.
- 5.17 The student shall be referred to government agencies such as:
 - Consumer Affairs Australia: [The Australian Consumer Law](http://www.consumerlaw.gov.au/content/Content.aspx?doc=the_acl.htm)(http://www.consumerlaw.gov.au/content/Content.aspx?doc=the_acl.htm)
 - ASQA complaint page: <http://www.asqa.gov.au/complaints/making-a-complaint.html> and this information can be accessed from the Student Manager.
Students bear the costs for external appeal.
- 5.18 Where a decision or outcome is in favour of the student, ITHEA will follow the required action to satisfy the student's complaint as soon as possible.
- 5.19 The details of the complaints and appeals, procedures followed and outcome are placed in the student file.
